When I print this out in black and white, it's alright but it loses the definition of the site. Any others handy?

Also, for the OSC meeting today, at what time are they going to talk about removals?

Thanks

Hi Adam,

In the draft AOC that Ed did last week for USOR he includes an Enclosure for a site map. When you get in on Monday, would you please send me a site map that you think would be good for the AOC.

Thanks and hope you had a nice weekend.
